

The following set of links and references is neither exhaustive nor exclusive, but is intended to give you an initial stepping stone into your wider research of many of the topics introduced in MLA603. You may find these reference links useful in supporting your answers to the assessment section, but remember that using these links alone will not be sufficient to attain the highest possible marks and I encourage you to go beyond this first step and explore the wide world of Leadership and Management.

Whilst every effort is made to ensure that the resources listed below are up to date on a regular basis, please be aware that some of the links may lead to webpages that are not under the control of MLA College. If you come across a link that has stopped working, please don't hesitate to email your tutor so that it can be updated promptly.
